DETAILED ACTION

Allowable Subject Matter

Claims 1-33 are allowed over the prior art of record.

The following is an examiner's statement of reasons for allowance: The prior art of record alone, or in combination, fails to teach or render obvious, *"wherein determining a pulse width includes calculating a leading pulse width as the pulse width of the write strategy parameters for recording each mark, based on a ratio of a recommended leading pulse width parameter of the write strategy for recording each mark included in the recommended write strategy parameters with respect to the square of the recommended leading pulse width parameter of the write strategy for recording the shortest mark included in the recommended write strategy parameters"*, in combination with the other limitations set forth in claim 1.

Claims 13, 20 and 31 have similar allowable subject matter as claim 1.

Claims 2-12, 14-19, 21-30, 32 and 33 are dependent on allowed base claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
